Admission Requirements

- Bachelor's degree or equivalent.
- The candidate must have proficiency in French language. When the candidate

is a not a native French speaker, has not completed a degree in French, or has not worked in French, the prospective student must have a pass score in a French language test.

Methodology

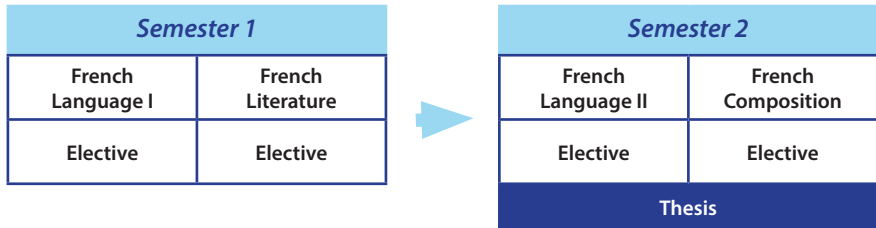

The program follows two roads: one focused on introductory courses in language (grammar, translation) and generic courses in French civilization; and another more specific road focusing on the particular aspects of French culture and society.

Students must write a thesis, which is a 30- to 40-page paper on a topic selected by the student and subject to approval. Students are encouraged to make a proposal during their first term. The thesis is a creative or research-based document entirely written in French.

«I really felt I learned a lot. I found myself not able to just stick to the exercises at hand, as I wanted to continue to research deeper and deeper into the authors themselves and into their works. It was much fun!»
